know to and referred to as Customers, and **BRONSTON WATER ASSOCIATION, INC.**,
P.O. Box 243, Bronston, KY, hereinafter known and referred to as Water Association.

WITNESSETH; The undersigned Customer does hereby agree to purchase water from the Association and to pay all initial installation and connection fees, together with all standard monthly water charges which may be fixed by the Board of Commissioners of the Bronston Water and/or Utility Regulatory Commission for the Commonwealth of Kentucky. The Customer agrees to pay each consecutive monthly payment, at all appropriate rates, for water service, when due, and to further comply with, and be bound by, the provisions of the policy and/or amendments of the Water Association together with such rules and regulations as may, from time to time, be adopted by the Water Association. Payments for water are due by the DUE DATE each month. A 10% late charge is added to your account if the full amount due is not paid. You then have 10 days from the due date to pay the original amount due and the late charge before the service is disconnected. If the service is disconnected a reconnect fee of \$21.00 will be added to the original charge and the late fee before service will be restored. Please contact our office if you vacate the residence otherwise the account will remain in your name and billing will continue in your name.

The Customer agrees to permit the Water Association to lay, maintain, repair, remove, and disconnect a service line and meter, and read such meter at a point on Customer's property to be designated by the Water Association for each meter, with the right of ingress and egress for these purposes over Customer's property, and further to grant a Water Line Easement to the Water Association for the construction and operation of said water line.

The Customer will install and maintain a shut off valve and pressure regulator valve at his own expense, which service line will begin at the water meter and extent to the dwelling or other portions of Customer's property. The Customer assumes responsibility for any damage to metering equipment in making such connection to the meter or water main.

The Customer agrees that the water meter may be located at any point along the Customer's property, at the closest point to the existing water line, or at some other point which is deemed to be most cost effective to the Water Association.

The Customer agrees that a single meter can serve no more than one residence or commercial unit unless approved by the Water Association.

The Water Association agrees to provide to the Customer, potable water at reasonable pressure and volume, provided, however, the Customer acknowledges that there is no obligation to provide such water service, unless a water main has been constructed and installed, adjacent to, or in proximity with, the property of the Customer and further no such service shall be required to be provided until the Contract is executed by the duly authorized officer of the Water District.

The Water Association acknowledges receipt of \$20.00 to be applied to the initial installation fee, which total fee will be established by the Board of Commissioners of the Water Association, Inc.

If Customer is the owner, but plans to rent the property, then Customer's signature hereto further acknowledges that Customer shall remain primarily obligated to pay for all charges and fees incurred with regard to the installation of the meter, provision of water, and any other fees or charges incidental to the connection, provision, disconnection, or any other goods or services or bills or fees for the **BRONSTON WATER ASSOCIATION, INC.** Notwithstanding the foregoing, an owner who leases or rents the property to another may have the rentor/lessee billed for any/all charges provided that the lessor/landlord identifies by name, address, social security number, and telephone number the lessee/tenant, and provides documentation to the **BRONSTON WATER ASSOCIATION** that the lessee/tenant has agreed to pay such charges and fees. Nevertheless, it is understood and agreed hereto that in the event the lessee/tenant does not pay the charges and fees incurred to the **BRONSTON WATER ASSOCIATION**, then, in that event, the Customer shall be liable for all unpaid fees and charges in regard to Customer's property, without prejudice to Customer's right to payment from Customer's tenant or lessee.

For new connections, it is understood and agreed that the USER will pay for service beginning on the date the meter is set in place, regardless of whether the USER meter has been installed, whether the USER is connected to the system, or whether the USER is utilizing any water from the system. The amount charged will depend upon any usage, but at no time be less than the minimum bill for the USER's appropriate customer classification.
